Branham300 exclusions

The Branham300 represents information gathered from applicants and through other public sources. In certain instances private companies did not disclose their revenues and in some cases multinationals did not reveal earnings generated in Canada, and as such these companies were excluded from the Branham300.

About Branham Group

Branham Group is a leading industry analyst and strategic consulting firm servicing the global information technology marketplace. Branham Group assists information technology companies and related institutions in achieving market success through its custom consulting services (Planning, Marketing and Partnering), and through its multi-client research subscription programs (eHealth, Outsourcing, Green IT and Wireless). Branham annually produces a listing of the top information technology companies in Canada (www.branham300.com), tracks the Canadian Outsourcing industry (www.branhamoutsourcing.com) and monitors more than 450 eHealth vendors.
